

HARPER COUNTY SPRING CLEAN UP GUIDELINES & POLICY

Harper County will notify each city (Attica, Anthony & Harper) on or before February 1st of each year, the week set for free dumping at the county landfill (Saturday through Saturday). Cities will schedule their curbside pick-up to coincide with the week set for free dumping.

Harper County residents may dump free of charge during regular hours the week set for free dumping.

Harper County will publish in each local newspaper the curbside pick-up days of each city & the week set for free dumping at the county landfill.

Items/waste allowed for disposal at no charge (free) include appliances, metal, concrete, and construction and demolition debris. Appliances containing freon are accepted, but they must be free of all food material and dropped off at a separate location.

Each individual may dispose of a maximum of five (5) CAR OR PICKUP tires (20 #’s or 18” & under) or a combination thereof. Any tires brought in over the maximum or tires larger than a CAR OR PICKUP tire will be charged the current tire disposal fee.

All items/waste brought to the landfill must be separated and secured with a tarp and end gate. Secured means nothing will escape or blowout of a vehicle. Individuals will pay a fee double the amount for any load that contains items/waste not separated and secured.

Harper County and Plumb Thicket Landfill have an agreement that allows household trash from Harper County residents to be disposed of at Plumb Thicket Landfill (the fee is the State Tonnage Fee of \$1.00 per ton). The disposal fee for household trash disposed of at the Harper County Landfill Transfer Station is \$.03 per pound (\$10.00 minimum).

Harper County Landfill hours are 7:30 a.m. to 4:00 p.m. Tuesday through Saturday, closed on Sunday and Monday.

Harper County strongly encourages residents to utilize our landfill facility for the disposal of household hazardous waste items. This is a free service available only to the public. This service is not available to businesses as they fall under the small quantity generator status. The Harper County Landfill will accept household hazardous waste and recyclables (a free service) at any time the landfill is open. It is necessary to notify the gatehouse attendant when disposing of household hazardous waste items (a log is maintained and they must be placed in the appropriate location).

Guidelines, policy & fees are subject for review on an annual basis.

If you have any questions please contact the Harper County Landfill at 620-896-7150 or the Harper County Solid Waste Manager at 620-842-5240.
